

Towngas China and Hua Yan Water both among Top 60 China Corporate Citizen Responsibility Brands

(23 June 2020) Towngas China Company Limited (Towngas China) has been honoured for the fifth consecutive year as one of the Top 60 China Corporate Citizen 520 Responsibility Brands for its superb performance in corporate social responsibility (CSR) and sustainable development. Also on this year's list of awardees is Hong Kong & China Water Limited (Hua Yan Water), a subsidiary of Towngas China's parent company, The Hong Kong and China Gas Company Limited. The simultaneous wins serve to underscore the Group's excellence in this regard.

The Towngas China Group surpassed numerous other candidates with its public welfare brand, Towngas China Gentle Breeze Movement. The Group consolidated the relevant resources of its 130 strong project companies in 2013 and launched the Movement to provide educational aid across the country for underprivileged schoolchildren in remote areas. To date, monetary and in kind donations totalling around RMB 4 million have been provided to about 40 schools in China to support rural education development.

Hua Yan Water also launched the Hua Yan Siyuan Programme in 2013 as part of its CSR efforts, with continuous enrichment and strengthening thereafter. At the same time, the Company continued to drive the enhancement of its ethos, internal momentum and service flow while pushing for changes in the market. Taking business environment improvement upon itself, Hua Yan Water tirelessly explores new ways for CSR fulfilment.

In the face of the COVID-19 pandemic, Towngas China and Hua Yan Water initiated appropriate arrangements internally to ensure uninterrupted gas and water supply to cater for customers' daily needs. Both companies also support the nation's anti-pandemic efforts through mobilising their manpower for supply donation drives.

The Awards are co-organised by the China Committee of Corporate Citizenship under the China Association of Social Workers, Tencent Charity Foundation and SynTao. Winners were

announced online today at the Fifth China Corporate Citizen 520 Responsibility Brand Summit in 2020 to acknowledge enterprises demonstrating excellence in contributing towards CSR, corporate branding, and corporate anti-pandemic efforts. Through encouraging more enterprises to step up their CSR involvement, the Awards aim to advance the growth of CSR brands in China.

Going forward, Towngas China and Hua Yan Water will continue their social service endeavours through the application of their unique strengths and stakeholder collaboration. In addition to bringing about mutual benefits, their dedication is sure to promote sustainable economic, environmental and social developments.
