

Towngas China Gentle Breeze Movement Arrives at Baotou

(31 May, 2018) Towngas China Gentle Breeze Movement entered Inner Mongolia for the first time to launch its educational sponsorship charity campaign at Xincheng Primary School, Guyang county, Baotou city today. County and city officials, The Hong Kong and China Gas Company Limited (Towngas) General Manager - Corporate Affairs and Towngas China Senior Vice President Isaac Yeung Chung-kwan, Towngas China Assistant Vice President Long Chun-yu, Towngas China South China Regional General Manager and Yangxin Hong Kong & China Gas Company Limited General Manager Sun Jianxin, Baotou Hong Kong & China Gas Company Limited General Manager Ma Xinfeng and other guests took part in unveiling the Towngas China Charity Library sponsored by the Gentle Breeze Movement.

Towngas China is the public utility that operates Towngas' city-gas business in mainland China, and one of the mainland's most sizeable city-gas enterprises. Towngas China Gentle Breeze Movement was established in 2013 as a means of implementing the corporate social responsibility concept of applying one's strength for the benefit of the society through caring for needy students in rural areas and in poverty, and supporting educational development.

Xincheng Primary School is Guyang's first public school and the city's first boarding school, with 120 boarding students. The school's boarding facilities are relatively Spartan, which takes away from the students' quality of life. The Gentle Breeze Movement invested almost RMB250,000 to refurbish the walls of the dormitory, provide the students with new bedding, uniforms and school supplies, as well as build a Towngas China Charity Library to enrich the students' extracurricular life.
